PASS THROUGH BUT GIVE NO NOTICE

CACTUS KATE TROTS HOMEWARD, WITH NEITHER HEAD NOR TAIL LIGHTS AGLOW

The second crowd from Los Angeles to go through Tonopah and stop and tell the people what they expected to do in the way of logging and signing the Midland route, has proven itself as grouchily as the first party. It arrived in a big car painted up like an Indian on the warpath. It told what it was going to do for Nye county and incidentally for its home club, and then it slipped back through town without a word to the Nye County Good Roads association, which had made preparations to meet and greet the boys, to hold a mass meeting in fact. Somehow the Los Angeles parachute does not bear the gaudy trimmings that bedeck its balloon. Well, if Nye county has to build its roads, it is perfectly able to log and sign them, and there you are. No outside club of auto dealers and land boosters will thereby be able to claim the honor.

BIG DISCOVERY OF RICH COPPER MADE

B. B. SHEPPARD, WELL KNOWN PROSPECTOR, BRINGS IN RICH COPPER

Where did he get it? That is the question that is agitating a number of people in Mina very much at the present time, says the Western Nevada Miner. But that he has got it and got it big one needs only to examine the 150 pounds of samples brought in yesterday to have the last lingering doubt removed, or in other words, wiped out completely.

For some time past Mr. Sheppard has been prospecting in the vicinity of Kincaid. Yesterday he arrived in Mina with two of his burros loaded with rich samples of copper ore—big chunks of it—and copper experts who have examined the samples carefully claim that the ore will run 20 percent in the red metal.

Further than the fact that he had discovered a copper property and that there was in the neighborhood of 200 tons of shipping ore on the dump and that it is located somewhere in the near vicinity of Kincaid—further than this information imparted to a friend, there is positively nothing doing.

GOLDFIELD FIGHT WILL DRAW A BIG CROWD

Albert Ross and his second, Dick Legard, have gone to Goldfield for final training when Ross will meet Knock Out Brown. He is in the pink of condition. The special train will leave Tonopah at 6:15 and will return tomorrow morning, leaving Goldfield at 12:30. It is expected that there will be a large delegation over from Tonopah, both by train and auto. The main event will be between Sailor Kirk and Johnny McCarthy.

END OF BARNES' LIBEL SUIT NOW IN SIGHT

(By Associated Press.) SYRACUSE, N. Y., May 11.—The trial of William Barnes' suit for libel against Theodore Roosevelt entered into its fourth week here yesterday. A mass of testimony concerning public printing was spread upon the record. Counsel for Colonel Roosevelt announced shortly after 3 o'clock that they rested their case.

THUGS ATTACK A MAN ON WAY HOME

T. R. GOLDSBOROUGH UNSUCCESSFULLY FIGHTS THREE HOLD-UP MEN

T. R. Goldsborough, employed for the past two months as a stenographer by the Tonopah Extension Mining company, was the victim of a holdup last night about 11 o'clock. Mr. Goldsborough was on his way home to the Nyeo club, where he rooms, when he was attacked on Knapp avenue near St. Patrick street.

He says that the attack was so unexpected that he was unable to get a good look at his assailants. He thinks there were three. He got a stunning blow on the head and everything turned black, but it seems that he fought off the highwaymen unconsciously, for his knuckles were skinned and his hands covered with blood.

The assailants took from him a diamond ring and \$5 in cash. After a time Mr. Goldsborough came to his senses and painfully made his way to the Mine Operators' hospital, where he is receiving treatment. The first public news came at 7 o'clock this morning, when the landlady at the Nyeo club telephoned to Chief of Police Evans, saying that she had found some letters belonging to Mr. Goldsborough and a quantity of blood in the street. The chief then made inquiries and located the injured man at the hospital.

AVIATION OFFICER RECEIVES HONOR CROSS

MODEST LETTER RECEIVED HERE TELLS OF PERILS OF AERIAL WAR

An interesting letter has been received in Tonopah from Colonel J. F. A. Higgins, who is at the front in the eastern war zone in command of a regiment of the royal flying corps of the British army. "Of course, as you say," the text follows, "war is a terrible thing, though it was bound to come sooner or later, but it is splendid to see how untied everyone is in England and how everyone is working for a successful finish, which is quite assured, but may not be for some time yet, as the Germans are good fighters. Everyone says, though, that the British troops are the best of any out here. I was promoted major about two years ago and have been made colonel since. Am now in the aviation corps. While out in France I was wounded while 6000 feet in the air. However, I got the aeroplane down safely within our own lines, but was sent home to get my wound healed. I was happy to receive an officers' cross of the Legion of Honor from the French. It is terrible for the wives and children who are left behind by the soldiers, but we all hope that the war will not last much longer and we are determined to finish it once and for all, now that we have started."

FAMOUS OLD KAINTEUCK MINE HAS BEEN BONDED

The famous old Kaintuck mine near Sweetwater has been bonded by eastern capitalists, and work will be commenced on the first of the coming month. The old Kaintuck was a big producer in the early days of that section and has always been claimed as one of the best properties in the Sweetwater mountains. It has been owned by James Atcheson of Sweetwater for a number of years who has held it until he could get his price. The deal was consummated through the agency of Platt & Sanford of this city.—Carson News.
